Film Reviews

PATRIOTS DAY (2017) 15 133mins

On 'Patriots Day' 2013, the whole world felt the impact of the Boston Marathon bombing. This is the true story of the attack, and of the manhunt that followed. After the unspeakable attack, Police Sergeant Tommy Saunders joins the rest of the emergency services, as well as survivors and other courageous civilians, in an unprecedented manhunt to find the

bombers before they can strike again. Contains strong language, bloody injury detail, strong violence, threat

THE LEGO BATMAN MOVIE (2017)

U 104mins

It's time to experience Batman's awesome world. He has millions of dollars, all the gadgets money can buy and a sweet costume. Now, to his horror he has a responsibility to look after the orphan boy he accidentally adopted. How better to do that than by taking him on as a sidekick? Contains mild comic violence, rude humour, very mild bad language

HACKSAW RIDGE (2017) 15 139mins

The incredible true story of Congressional Medal of Honour recipient Desmond Doss, the film follows the conscientious objector-turned-medic as he heads to the front line of World War II. A committed pacifist, he refused to touch a gun or fire a bullet. His commanders were baffled, but eventually allowed him to serve on Okinawa, one of the war's bloodiest battlefields. There a man they'd branded a coward would go above and beyond the call of duty, single-handedly saving the lives of 75 men. An inspiring story of courage under fire and staying true to your beliefs. Starring Andrew Garfield as the heroic medic. Contains strong bloody violence, gory injury detail

MOONLIGHT (2017) 15 111mins

A timeless story of the search for companionship, 'Moonlight' chronicles the life of a young black man named Chiron, as he grows up gay in a rough Miami neighbourhood. From shy child to awkward adolescent to hardened adult, we follow Chiron's journey through life as he struggles to figure out his place in the world, aided and abetted by his junkie mother, drug dealer mentor and best friend Kevin. One of the most critically-acclaimed films of the year, it won the Oscar for the best film! The film is an enormously affecting and emotionally shattering portrait of one man's search for self-discovery. Contains strong language, sex, sex references, drug use

VICEROY'S HOUSE (2017) 12A 106mins

An historical drama about Lord Mountbatten's period as Viceroy of India. In 1947, Lord Mountbatten assumes the post of last Viceroy, charged with handing India back to its

people. He lived upstairs at the house which was the home of British rulers, whilst 500 Hindu, Muslim and Sikh servants lived downstairs. As the political elite wrangled over the birth of independent India, conflict erupted throughout the House and a catastrophic decision led to global repercussions. The Viceroy meets with conflict as different sides clash in the face of monumental change. Starring Hugh Bonneville, Gillian Anderson, Michael Gambon. Contains brief distressing images

TRESPASS AGAINST US (2017) 15 99mins

Chad is torn between his father Colby, who's committed to the way they've always done things, and his wife and children. With their crimes coming back to haunt them and the police cracking down, it's becoming ever more urgent that he make his choice. Brendan Gleeson and Michael Fassbender star as father and son in this hard-hitting crime drama set in the Cotswolds countryside. Contains very strong language

CERTAIN WOMEN (2016) 12A 107 mins

Three strong-willed women (Kristen Stewart, Laura Dern, Michelle Williams) strive to forge their own paths amidst the wide-open plains of the American Northwest: a lawyer who finds herself contending with both office sexism and a hostage situation; a wife and mother whose determination to build her dream home puts her at odds with the men in her life; and a young law student who forms an ambiguous bond with a lonely ranch hand. Contains infrequent strong language, nudity

JACKIE (2017) 15 100mins

The assassination of John F. Kennedy in November 1963 shook the whole world. As hard as it hit everyone else, the person most affected was his widow Jackie. Trying to cope with unbearable grief, sorrow and loss, she still had to plan her husband's funeral, console their children, and somehow find a way to define what JFK's legacy would be, but there'll never be another Camelot. This is a devastating psychological portrait of her life after her husband's murder, driven by one of the most acclaimed performances of the year from Natalie Portman. Contains brief strong violence
