Film Reviews

HAMPSTEAD (2017) 12A 102mins

Emily is an American widow drifting through life without a purpose. Then she meets Donald, who's lived in a shack on Hampstead Heath for 17 years. Initially gruff and reclusive, Donald gradually opens up to her and a tentative romance begins to blossom. When a property developer tries to evict him so they can build luxury apartments on his land, he and Emily team up to try and save his home. Contains moderate bad language

TRANSFORMERS: THE LAST KNIGHT (2017) 12A 149mins

The epic franchise continues and Optimus Prime has disappeared to search for his creator. In his absence, humans and Transformers are at each other's throats. War has broken out, and a terrible battle for survival has begun. Cade Yeager is determined to learn why the Transformers keep coming back to Earth out of all the planets in the cosmos – only for Optimus Prime to

return. The battle rages on picking up where 'Age Of Extinction' left off and introducing Anthony Hopkins to this world. Contains moderate action violence, moderate bad language

SPIDERMAN: HOMECOMING (2017) 12A 133mins

Fresh from helping Tony Stark in the Avengers' civil war, 'Spider-Man: Homecoming' sees Peter Parker go back to school. Only now, he needs to balance his studying with his super-heroics. He wants to be an official Avenger, but despite letting him keep the fancy new suit, Tony still treats him like a kid. So when a new villain emerges, a flying menace called the Vulture, he finally finds an opportunity to prove himself as a superhero worthy of standing alongside Iron Man. Contains moderate fantasy violence, threat, sex references, obscured strong language

Meet the Pirates Live precedes this showing THE BOAT THAT ROCKED (2009) 15 135mins

About a band of keen (pirate!) DJ's who captivated Britain, playing the music that defined a generation and standing up to a government that wanted classical music, and not much else, on the airwaves. Contains strong language and moderate sex references

THE BEGUILLED (2017) 15 93mins

The film follows the lives of a group of women during the American Civil War. When they discover a wounded Union soldier nearby, they take him in – and everything changes. They've led a sheltered life in a girls' school, cut off from the world outside. Now that there's a man in the house, sexual tension, jealousy and rivalries begin to take over, as they gradually learn that the enemy is not what they believe. Experience some real Southern hospitality, directed by Sofia Coppola and featuring an all-star cast including Nicole Kidman, Kirsten Dunst and Colin Farrell. Contains brief strong sex

DESPICABLE ME 3 (2017) U 90mins

Gru and the Minions are back and they're meeting a new (if slightly familiar) face: Gru's identical twin brother Dru. Well, almost identical – Dru has hair. He's successful, handsome and incredibly wealthy, and fixated on his family's legacy of being supervillains. He wants Gru's help, but Gru has left the life of crime behind. Just maybe, though, the promise of one last heist might be too much to resist. The smash hit franchise returns with Steve Carell once again providing the voice of Gru and this time, he's Dru too. Contains mild comic violence, rude humour, very mild bad language

THE GRADUATE (1967) 12A 106mins

If ever a movie captured the

audience's imagination with its musical soundtrack, it was The Graduate, that irresistibly watchable 1967 classic, now re-released in cinemas, starring Anne Bancroft as the sexy and jaded forty-something Mrs Robinson, who seduces 21-year-old Ben, played by the young Dustin Hoffman - that muddled young man whose sentimental education begins only after he graduates college. Contains moderate sex references, infrequent brief nudity

DUNKIRK (2017) 12A 106mins

400,000 Allied soldiers were trapped on the beach at Dunkirk, surrounded by the German army in the early days of the Second World War and they needed to be evacuated. France had been overrun, and the Allied army had been defeated and trapped. In a desperate effort to save the troops, more than 800 boats – from military ships to tiny civilian fishing boats – came to help with the evacuation that would become known as the Miracle of Dunkirk. Christopher Nolan brings his vision to 'Dunkirk', one of the defining events of the 20th Century, starring Tom Hardy, Kenneth Branagh and Mark Rylance. Contains sustained threat, intense sequences, moderate violence and strong language

WAR FOR THE PLANET OF THE APES (2017) PG 140mins

All of human history has led to the 'War For The Planet Of The Apes', as Caesar's clan of apes begins a battle to determine the fate of their species. Their greatest threat yet has emerged in the form of a ruthless human Colonel, committed to ensuring the survival of the human race at any cost. Caesar wanted peace, but in the face of an army determined to wipe out all the apes, he'll be pushed to his limits to protect his people. The future of the planet will be decided in the latest chapter in the acclaimed franchise. Contains moderate violence, injury detail

CARS 3 (2017) U 102mins

The turbo-charged franchise returns which follows the legendary Lightning McQueen on his greatest challenge yet as he's blindsided by a new generation of elite racers. Pushed out of the sport he loves and damaged in a race, he has to accept that he simply isn't as fast as his new competitors. That doesn't mean he can't find another way to beat them and once again prove he's the greatest in the world! Contains very mild threat, language

TRAFIC (1971) U 96 mins

Mr. Hulot drives a recreational vehicle from Paris to Amsterdam in his usual comical, disastrous style in this brilliant film! Contains infrequent smoking
